Is your dog good with strangers? \_\_\_\_\_

Have you read though all BEFORE AND AFTER SURGERY INSTRUCTIONS? \_\_\_\_\_

Any questions from Before and After Surgery Instructions? \_\_\_\_\_

List any other specific questions or concerns for our staff: \_\_\_\_\_

#### **ANESTHESIA/SURGICAL RELEASE FORM**

Purple Cat Mobile Veterinary Clinic uses qualified staff and approved materials for all procedures performed. It is important for you to understand that the risk of injury or death, although low, is always present, just as it is for humans undergoing surgery. Please read the following and ensure you understand before signing your name:

- I, acting as owner or agent of the pet named above, hereby request and authorize Purple Cat Mobile Veterinary Clinic to surgically sterilize (remove ovaries/uterus or testicles) the animal named on the above portion of this form.
- I understand that the surgery I have elected presents some hazards, and that injury to, or death of, my animal may conceivably result, due to inherent surgical risks and the use of anesthetic drugs as required for this procedure.
- I understand that keeping my dog quiet for two weeks will be necessary and required to avoid post-surgery complications. This includes keeping my dog leashed when outside, away from swimming and bathing, no rough play. Complications these activities could cause include infection, internal bleeding, opening of incision.
- I certify that my animal has either been vaccinated within 3 years prior to this date or waive my right to protect my animal by having it vaccinated or request recommended vaccines at the time of surgery. I understand that it takes up to two weeks for vaccinations to protect my animal.
- I certify that my animal is in good health and IS LESS THAN 5 YEARS OF AGE.
- I understand that Purple Vet staff will perform a complete physical exam prior to surgery but that some internal medical conditions may not be apparent on physical exam alone. I understand that my animal will not receive pre-anesthetic bloodwork and waive my right to have these services performed prior to surgery at a full-service veterinarian.
- I understand that some factors significantly increase surgical risk, including, but not limited to, pregnancy, heat, respiratory infection, internal liver, kidney, heart disease and that these risks may not be apparent at time of surgery.
- I understand that if my animal is pregnant, the pregnancy will be terminated at the time of surgery.
- I understand that if my pet is examined and found to be a poor anesthesia candidate, and surgery is cancelled, there will be a **\$45 exam fee**.
- I hereby release Purple Cat Mobile Veterinary Clinic, all veterinarians, assistants, volunteers & employees from any and all claims arising out of, or connected with, the performance of this procedure or any adverse reactions from medications. I agree that I have not and will not claim any right of compensation from them, or any of them, or file action by reason of such sterilization or attempted sterilization of such animal or any consequences related thereto. Owner/agent hereby agrees to indemnify and hold Purple Cat Mobile Veterinary Clinic harmless for any damages caused during the transportation of the animal, or for any damages caused by any unforeseen events including fire, vandalism, burglary, extreme weather, natural disasters, and acts of God.
- I understand my animal will receive a small green tattoo on his/her underside to show that he/she has been sterilized.
